

Young Scientist Training in the Immunology of Diabetes IDS 2018

Room: Wordsworth, 4th floor, QEII Centre
Thursday October 25th, 10am until 11.30am

Programme

YOUNG SCIENTIST TRAINING AGENDA

10:00 – 10.10

[Registration](#)

10:10 – 10:15

[Welcome](#)

Speaker - Professor Colin Dayan

Chair - T1D UK Immunotherapy Research Consortium
Cardiff University

10:15 – 10.35

[Type 1 diabetes and animal models](#)

Speaker - Professor Susan Wong
Cardiff University

10:35 – 10:55

[The immunology of human type 1 diabetes](#)

Speaker – Professor Mark Peakman
King's College London

10:55 – 11:15

[ImmunoBiomarkers in type 1 diabetes](#)

Speaker – Professor Tim Tree,
Lead – Mechanistic Core T1D UK Immunotherapy Research Consortium
King's College London

IDS 2018 MAIN PROGRAMME AGENDA
QEII Centre

12:00 - 12:40

Lunch

12:40 - 12:45

Opening remarks

Anette Ziegler (President, Immunology of Diabetes Society)

12:45 - 13:30

Keynote: Professor Sir Marc Feldmann

Speakers Marc Feldmann

University of Oxford

13:30 - 15:00

Session 1: What is Diabetes? Pathways to beta cell failure-1

Speakers Adrian Liston

VIB Leif Groop

Lund University Nikolay Ninov

Technische Universität Dresden

15:00 - 15:30

Refreshment break

15:30 - 17:00

SESSION 2: UNCONVENTIONAL ANTIGENS IN TYPE 1 DIABETES

Speakers Michele Mishto

King's College London Thomas Delong

UC DENVER Tony Purcell

Monash University

17:00 - 17:45

Keynote: Professor Adrian Hayday

Speakers Adrian Hayday

The Francis Crick Institute

Seeing Double: Local T cell surveillance of tissues

17:45 - 18:00

Abstract/Flash Poster Session A

18:00 - 19:00

Poster Session A
